

# If you've been told you need back or neck surgery We have new options for you

We are pleased to announce the addition of Karl Boellert, MD to the spine team at South Carolina Spine Center.

Dr. Boellert is board-certified in Physical Medicine & Rehabilitation and specializes in non-surgical treatment options. He is fellowship-trained in spine, the highest level of medical education in the U.S. Dr. Boellert is able to help many back and neck pain sufferers with non-surgical treatment options that can include specialized therapy and C-arm guided spinal injections that relieve pain symptoms.

If non-surgical treatments fail to work, the spine team includes three fellowship-trained spine surgeons who specialize in minimally invasive spine surgery.

South Carolina Spine Center is referred the most complex back problems from across the region. South Carolina

*Dr. Karl Boellert is proficient in spinal injections that can reduce inflammation around a nerve root and resolve symptoms of a herniated disc without surgery.*

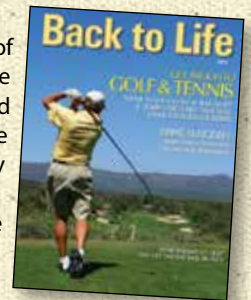

Spine Center is the only spine center in the state of South Carolina to be included in an exclusive national listing of credentialed spine centers by SpineCenterNetwork.com. It is consistently ranked

in the top 10 percent of all spine programs in the U.S. by CareChex® and is recognized as a Blue Distinction Center by BlueCross BlueShield.

By combining the expertise of an MD who specializes in non-surgical treatment options; fellowship-trained spine surgeons; spine therapists; X-ray; MRI; and an injection suite and therapy gym all on one campus location — a person no longer has to drive around town for spine care.

Visit our online spine encyclopedia at SCSpineCenter.org to request our free Home Remedy Book or download our Back to Life Journal. We believe the first step toward quality healthcare is a well-informed patient.
